Prefabricated ceramic wall and facade elements

Brand name: ROBmade

Keller AG Ziegeleien

STATEMENT BY KIWA

This Technical Approval with Product Certificate was issued on the basis of Evaluation Guideline 1016 "Ceramic prefabricated wall and facade elements", dated 29 November 2012, in conformity with the Kiwa Regulations for Product Certification.

Kiwa declares that:

- the products delivered by the certificate holder may be relied upon to meet the technical and environmental specifications laid down in this technical approval with product certificate on delivery, provided these products are labelled with the KOMO[®] mark in the manner stated in this technical approval-with-product certificate;
- the building parts composed from the certified products may be relied upon to deliver a performance laid down in this technical approval-with-product certificate, provided:
 - the building parts are put together in accordance with the processing methods laid down in this technical approval-with-product certificate;
 - the application conditions defined in this technical approval-with-product certificate are met.

Kiwa declares, that with due observance of the aforesaid, the products in their use meet the relevant requirements of the Building Decree and the Decree on soil quality.

Within the framework of this technical approval-with-product certificate, Kiwa does not carry out any inspections on:

- the production of the other parts of the structural component;
- the manufacture of the structural component itself;
- the user's obligation to report and/or send information to the competent authority.

This certificate is an approved certificate in accordance with the Tripartite agreement (Official Gazette 132, 2006), the Housing Act and the Buildings Decree. For the Decree on soil quality, this is a certificate approved by VROM and V&W ministers if the certificate is listed in the "List of approved certificates in the building industry" on the SBK website www.bouwkwaliiteit.nl and the Bodem+ website www.bodemplus.nl.
